The finest parcels of the large "Euchariusberg" vineyard can be found in the south facing hillside of Krettnach. The vines that grow in these steep slopes are more than 60 years old. They have deep roots and produce very small and mineral-rich berries. This deliciously drinkable, quintessential Saar Kabinett is the result of a special combination of extremely small yields (30 hl/ha), slow wild ferment and the plentiful time we grant these wines before bottling.
